## DANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out, when sleep is troubled and broken, when there is a constant feeling of dullness and languor, Nature is holding the danger signal. The stomach and its allied organs are failing in their work, and the body is losing the nutrition on which its strength depends.

A condition calls for a prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and dizziness, purifies and enriches the blood and builds up the body with sound, solid food.

I have had so much benefit from your medicines as to say a few words that you may use for publication. I was afflicted with a complication of diseases for over two years, but kidneys and liver bothered me most. Some of my worst ailments were headache, frequent pains around heart and under right shoulder-blade. My hands and feet were cold nearly all the time, and I had such chills between shoulders. Some days I felt a little better, but I lost flesh, felt tired and miserable. It seemed I could not do any housework. Took medicine from my physician, but received no benefit. Bought a bottle of "Golden Medical Discovery" and after taking it I felt so much better that I determined to give it a fair trial. Appetite soon improved and gradually the disorders disappeared until now I am well.

A Great Doctor Book Free.—Send 21 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to cover cost of mailing only and he will send you a free copy of his 108-page Common Sense Medical Adviser, paper-covered. Cloth-covered 31 stamps.

Dr. Pierce's Pellets Cure Constipation.

GET THE HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mancini, Maryland black, Duane, Montana, bought a bottle of Newbro's Herpicide, April 6, 1905, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 23 days he had hair all over his head. On July 21st he writes, "and today my hair is as thick and abundant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness. So that with the use of Newbro's Herpicide, you cannot remain bald. It cures itching scalp and a new growth of hair. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

## The Death of Midshipman Branch.

As was stated in the Gazette, Midshipman James R. Branch, of the second class, died at Annapolis yesterday morning, having received an injury to his brain in a fight with Midshipman Minor Meriwether, jr., of the class below him.

The fight took place Sunday night and was a prearranged affair. Meriwether was also injured, his face being bruised and his wrist sprained and he is now in the hospital.

Midshipman Branch was the son of Col. James R. Branch, of New York city, an officer of the Hanover Bank and secretary of the American Bankers' Association. The family formerly resided in Richmond, Va., where they have many relatives. He was the only child of his parents, and was with him when he died.

The fight, it is stated, arose from the fact that Branch had reported Meriwether for some minor offense, Branch being on duty and required to make the report. A challenge to fight followed and it was arranged to take place on Sunday night on the "wood pile," a collection of piles back of the carpenter shop, near the end of Maryland avenue, the scene of many such encounters. The fight was arranged in a regular price-ring manner, with referee, timers and seconds. It lasted 23 rounds and Branch was disabled. Meriwether not being in much better shape.

His comrades did not think that the injured youth was in a very serious condition and carried him to his room, thus making the mistake which cost him his life, as it developed that a prompt operation would probably have saved him.

On Monday morning Branch lapsed into a semiconscious state and had to be taken to the hospital. The chief medical officer, Dr. Byrnes, with the members of his staff, Drs. White, Webb and Stone, decided that an operation was necessary, and this was performed by Drs. Finney, of Baltimore, and Kerr, of Washington.

The surgeons found a clot of blood on the right side of the brain which had caused the paralysis of the left side of the body and it was removed. Although it was realized that the operation was late, yet it was hoped that there would be a recovery, but toward morning there was a great weakening in his condition and he died at 10 o'clock without having regained consciousness.

One theory of the immediate cause of the death was that Branch was knocked down and struck his head against a large piece of wood, but it is stated by the surgeons that there was little or no wound on the head near the clot, and that his condition was more likely to have occurred from exhaustion. At the academy the affair is generally characterized as "skylarking." However, there is no question that the prearranged fight took place.

Young Branch was buried in the Naval Cemetery at Annapolis this afternoon and an investigation will be made immediately. Of course, the actual witnesses of the affair are not saying anything about it, but in one way or another the details have become public property. While Meriwether was in a class below Branch, he was a few months older, both being in their twentieth year.

Both of the midshipmen had some reputation as athletes. Branch was a wrestler and Meriwether as a football player on the academy scrub and class team. Meriwether was somewhat larger, but there was no great disparity in strength or weight. Meriwether has been engaged in other fights in Annapolis, and had achieved some reputation in that line. His parents home is at Lafayette, La.

Young Branch was a fair student, standing in about the middle of his large class of nearly 250 members. He was youthful in appearance, quite handsome and with an extremely bright and healthy appearance.

The authorities, midshipmen and others connected with the academy are deeply depressed over the sad affair, and the deepest sympathy is expressed for his parents. Prearranged affairs of the kind are fairly frequent at the academy, and some of them have been most brutal.

## Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death. "As a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at E. S. Leadbeater & Sons' drug store; price 50c.

## When you want a pleasant physic try Chamberlain's Stomach and Liver Tablets.

They never gripe or sicken, but tone and strengthen the liver and kidneys. Sold by W. F. Creighton & Co., 401 King street.

## The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored LION COFFEE, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

### HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee. Grind your LION COFFEE rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if you like) as a sifter, then follow one of the following rules: 1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly. 2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

3. Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

### TWO WAYS TO SETTLE COFFEE.

1st. With Eggs. The part of the white of an egg, mixing it with the ground LION COFFEE before boiling. 2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Lion-head on every package.) (Save these Lion-heads for valuable premiums.)

## Funds for Jewish Sufferers.

At a mass-meeting of Jewish residents of New York yesterday \$56,800 was collected for the relief of the sufferers of the massacres in Russia, and a relief society was formally organized, with Oscar S. Strauss, former minister to Turkey, as president; Cyrus Sulzberger, secretary, Jacob H. Schiff, treasurer.

The meeting was attended by representatives from all stations in life of the Hebrew citizens. Dispatches from London, Paris and Berlin expressed a willingness on the part of the populace to co-operate and form an international society upon the completion of the organization in New York.

The movement in London is in the hand of Lord Rothschild, in Paris, of the Jewish Colonial Association, and in Berlin of the Berliner Hilfsverein. A dispatch from Paul Nathan, vice president of the latter organization, announced that he would start at once for Russia. It is proposed to distribute the money collected by the movement through the diplomatic agencies of Great Britain, and Mr. Schiff announced that Lord Lansdowne had been communicated with on this point.

Prof. Richard Gottheil, of Columbia University, aroused considerable discussion over the disposition of the funds. He was of the opinion contrary to Mr. Schiff, and was talking to a motion made by Mr. Schiff that the funds go to the relief of all the sufferers by the massacres, whether Jews or Christians.

Professor Gottheil argued that this was a meeting of Jews for the relief of Jews, and that the funds should be devoted to the relief of Jews alone. Finally, it was decided that the funds should be administered by a committee of 50 to be appointed by the chair. Those who contributed to this fund with the proviso that their money should be used for the relief of the Jews should have their wishes respected, but otherwise the money will be used for the relief of all sufferers in Russia, whether Jew or gentile.

The subscription lists were kept open and Jacob H. Schiff was designated as the individual to whom subscriptions may be sent.
